Sir,

I have the honor to report that, in accordance with the revised settlement directed in Chief Commissioner's Proceedings No: 5552/350 dated 30th October 1874, the marginally noted Inam was confirmed by the Inam Superintendent to the late Bakshi Narsappa, holder of the Inam Village of Kilara in the Kunigal Talúk.

2. It however appears from the terms of the original grant that the Inamdar at no time possessed a right to any portion of the lands in question, but that he merely enjoyed the right to draw Toddy from the date groves standing on them. This is clear from the enclosed copy of an order dated 1st of Bhadrapada Suddha of the year Vikrama

Vikrama (1821) produced before the Amildar in July 1877 by the Inamdar's Agent, as well as from the other Evidence before the Superintendent of Inams. But the settlement as it now stands gives to the Inamdar a right to the possession of the lands and the Revenue Authorities have been asked to release and restore them to the Inamdar.

3. I find it impossible to give effect to this Settlement in its entirety; because a portion of the lands in question Viz:-

K. K. P.
2 — 1 — 2 is actually in the possession of other persons as per marginal particulars. These occupied lands cannot be made over to the Inamdar, but he claims that the Revenue derived by Government from them should be made over to him. I am of opinion that this request should not be complied with; the lands are in another Village and one of them is occupied by the Toti of that Village as an Inam; in the Government Accounts these occupied lands are registered as

Government

Government and Zoti Inam lands of the Bolara Village and at the Survey settlement shortly to be introduced the occupants will acquire the right to the date trees on their holdings. Under these circumstances I am of opinion that the settlement made in the Inam Department should be again revised by reducing the Inam in question to the extent of the unoccupied lands and making a corresponding reduction in the Quit-rent imposed. This revision can readily be effected in the course of the Survey Operations now in progress in the Kunigal Taluk, when both the occupied and unoccupied lands in question will be surveyed and valued.

Ref — Subs

The Doddy Dope referred to was granted as an Inam to the original holder of Kelara Jodi village in the year 1821. to enable him to levy the abkari revenue from the Doddy shops in the village (Kelara) where date trees did not grow. The land alleged to constitute village and ~~the~~ silvil Survey was not recorded in the Inam Accts. In the Inam enquiry in 1870 the Doddy Dope was measured & the extent 0-35 C.K.P. or 5.13.7 was adopted in the Registers of the Inam Deptt.

The Inam Deptt had in the first instance presumed the Dope award of the Inamdar a money compensation ~~for the~~ for the loss of the Doddy revenue. But under orders communicated in this Office Rs No 5582 dated 30th Octr 1874, the Dope 350 was confirmed to the Inamdar on a quit rent of 11 Rs.

The Inamd granting the Dope to the Inam Accts not specifying the exact extent, it is probable that in 1870 the whole area shewn to the Inamdar as comprising the Dope was measured by the Surveyors attached to the Inam Deptt, & this extent was adopted, without enquiring as to other rights existing on the land.

Revenue Department.

Sir,

With reference to para 2. of the Proceedings of the Dewan No. 2569 dated 26th June last, I have the honor to report that the lands measuring 2-1-2 (K K P) referred to were not of late obtained for cultivation. From the records, it appears that these fields have been in the enjoyment of the Ryots since before the year Jaya, 1833-34, and that it is not known who allowed it originally to be cultivated. Subsequent to the Inam settlement some of these lands were relinquished by their holders, and the Survey Department has confirmed last year only the remaining land, viz:, Acres 1.33 in the holdings of 3 individuals
